

BIG RED® TRC

AS VERSATILE AS YOU NEED IT TO BE

Big Red Concentrated Cleaner is the go-to, multi-purpose, multi-surface cleaner for any operation. It is safe for use virtually anywhere water can be used. With a deep penetrating formulation containing no fillers, Big Red goes to work instantly and continues to soak through stubborn soils and lift the soils away from the surface, allowing them to be easily rinsed away.

SURFACE

Walls, Stainless Surfaces

Tile, Linoleum, Countertops,

Synthetic Flooring

Spot Cleaning Carpets or Upholstery

Stripping Floors

Concrete Floors

Removing Oil from Floors

**Concrete is porous, therefore all oil may not be removed from below the surface, however, all surface oil and grease will be removed.*

Cotton Picker Water Tanks

Steam Cleaner or Pressure Washer

Heavy Equipment Washing (by hand)

Engine Degreasing

DILUTION

.75 – 1.50 oz Big Red to 1 gal Water

1 – 2 oz Big Red to 1 gal Water

1 – 1.50 oz Big Red to 1 gal Water

2 – 3 oz Big Red to 1 gal Water

1 – 3 oz Big Red to 1 gal Water

3 – 5 oz Big Red to 1 gal Water
(let sit for a short time)

1 qt Big Red per 100 gal Water

1 part Big Red to 35 parts Water

1 – 2 oz Big Red per gal of Water. Let soak 5-10 minutes before rinsing. A brush may be needed.

2 – 5 oz Big Red per gal of Water.
Let soak 5-10 minutes.

SURFACE

Asphalt Release Agent

Heavy Degreasing

Kitchens, Bathrooms, Sinks and Showers

Laundry

DILUTION

1 part Big Red to 30-100 parts Water

Dilute 1 part Big Red with 4-5 parts solvent. For best results, mix 1 part Big Red with 1 part solvent thoroughly before adding the rest of the solvent. Solvents such as Asphalt Cleaning Solvent, Kerosene, or Naptha can be used.

.67 oz Big Red per gal Water. Bleach can be added as a disinfectant.

6 – 8 oz per normal load. Diluted Big Red can be rubbed into stains and clothes can be soaked overnight.

Note: If mixing Big Red with solvents, the mixture will be flammable if the solvent is flammable.
