

GREASE GOBBLER

Super Enzymes

USER BENEFITS:

- **FAST ACTING**
- **VERSATILE**
- **NON-TOXIC**
- **ENVIRONMENTALLY SAFE**
- **ALL NATURAL**
- **ECONOMICAL**

GREASE GOBBLER is a premium enzyme digestant that uses nature's own cleaning agents to eliminate clogs in grease traps, dissolve sludge and control odors in sewer lagoons and manure pits. Delivered in economical, convenient powdered form, GREASE GOBBLER mixes with lukewarm water to produce a fast-acting, safe, all-natural solution to a variety of unpleasant cleaning problems.

GREASE GOBBLER Super Enzymes Fast Acting

GREASE GOBBLER is a powdered blend of dry multi-cultured bacteria strains fortified with lipase enzymes that spring to life when mixed with warm water. It triggers instant action on a variety of substances including the kind of organic fats present in commercial grease traps, as well as sludge and waste encountered in sewage treatment plants, waste lagoons and manure pits.

GREASE GOBBLER Super Enzymes Versatile

GREASE GOBBLER is an effective treatment in a variety of applications. It dissolves and safely removes clogs formed by animal fats, grease and vegetable oils typically found in commercial grease traps. Ideal for restaurants, schools, hospitals or anywhere grease traps must be kept clean and odor free. GREASE GOBBLER is also a safe and effective way to control the odors and bacterial contaminants associated with sewage treatment plants, waste lagoons and manure pits. In addition, GREASE GOBBLER mixed with nesting material helps neutralize and control ammonia and uric acid in poultry houses.

GREASE GOBBLER Super Enzymes Non-Toxic

GREASE GOBBLER is a non-toxic product that uses the natural digesting power of selected 100% gram

positive bacteria strains. It dissolves and removes grease accumulations, and controls odors and unpleasant fumes safely and naturally without the use of harsh caustics or dangerous chemicals.

GREASE GOBBLER Super Enzymes Environmentally Safe

GREASE GOBBLER digests the unpleasant build-up of animal fats, grease, vegetable oils, sludge, waste, ammonia and uric acid naturally. Regular use of GREASE GOBBLER keeps water flowing smoothly to prevent back-ups.

GREASE GOBBLER Super Enzymes All Natural

GREASE GOBBLER is a blend of multi-cultured bacteria strains, enzymes and microbial nutrients. All bacteria cultures are comprised entirely of beneficial spore-forming bacillus varieties, and are certified to be 100% Salmonella-free. GREASE GOBBLER meets all requirements established in Federal Specification P-C-440C and Commercial Item Description A-A-11 of the U.S. Government Services Administration.

GREASE GOBBLER Super Enzymes Economical

GREASE GOBBLER is shipped in convenient powder form, making it easy to store and economical to use. Simply mix the recommended amount of GREASE GOBBLER with lukewarm (NOT HOT!) water to activate the live bacteria and super-charged enzymes. Regular maintenance with GREASE GOBBLER can reduce or eliminate the need for unpleasant manual cleaning or costly plumber's visits.

SPECIFICATIONS

GREASE GOBBLER Super Enzymes

Product Code #4605

These specifications are typical, and subject to usual manufacturing tolerances.

Appearance	Tan to Brown Powder
Fragrance	Slight Yeast-like
Colony Count	1 billion/gram
Aerobic Bacteria	500 million/gram
Anaerobic Bacteria	500 million/gram
Protease Enzyme	3500 PV units/gram
Amylase Enzyme	100 DV units/gram
Lipase Enzyme	500 TAU units/gram
Vitamins	Thiamine, Niacin, Choline, Riboflavin, Pyridoxine, Betaine, Folic Acid
Minerals	Calcium, Potassium, Iron, Zinc, Phosphorus, Manganese, Cobalt
Amino Acids	Arginine, Lysine, Cystine, Valine, Glycine Tryptophan, Histidine, Tyrosine, Leucine, Phenylalanine
pH of 1% Solution	7.0 to 8.0
Flash Point (ASTM-D3278)	None
Storage Stability (at 70°F)	Minimum 3 years
Phosphates (as % P O)	0%

GREASE GOBBLER Super Enzymes

Available in three convenient sizes:

100-pound Kegs

50-pound Containers

Cases (six 1³/₄ -pound cans per case)

Handling Information: For safe handling of the product, read the Safety Data Sheet (SDS).
